

RMA Sport is proud to introduce the new RMA Para Dance wheelchair as the latest introduction to its sports portfolio.

We have worked closely with our partners at Para Dance UK, involving the technical requirements and performance, to bring to market a chair that can meet with various dancers requirements that will cover a multitude of styles.

The chair has a series of distinctive features which will help to enhance the performance of the athlete. This has enabled us to produce a chair that meets with the demands of this elegant sport.
